DM2-170H

IEI's Next Generation Industrial Monitor

- Front OSD, easy access for setting adjustment
- Speakers positioned at the front, ensuring clear sound delivery even in panel mount
- Supports gloved operation and waterproof protection
- Built-in camera, ideal for AI facial recognition
- USB 3.2 Gen1 Type-A supports 10W
- IP65 compliant front panel with aluminum frame
- Anti-glare and anti-UV PCAP

DM2-170H

The DM2 series LCD monitor is the latest member of IEI's line of sophisticated LCD designs with flat bezel. It is designed to fit industrial automation. The flat front panel provides IP 65 protection, which effectively wards off dust and water. Flexible analog or digital interfaces are provided for ease of connection with a management computer.

Front -accessible OSD

The front-accessible OSD lets you easily control brightness, volume, and power on/off.

Support HDMI, VGA, DP

The DM2 series offers different display interfaces, such as HDMI, VGA, and DP, to suit various requirements.

Anti-glare and Anti-UV PCAP

With anti-glare and anti-UV coating, the 10-point touchscreen can display clearly without reflection for a long time use in outdoors and bright light environment.

IP65 rated front panel protection

With the IP65 front panel protection rating, this series is more durable and rugged, ensuring reliable operation in harsh industrial environments.

Built-in Camera

The DM2 series, equipped with a built-in camera, is perfectly suited for AI facial recognition applications.

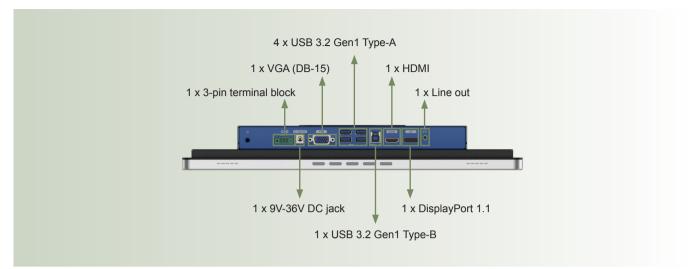

Front Speakers

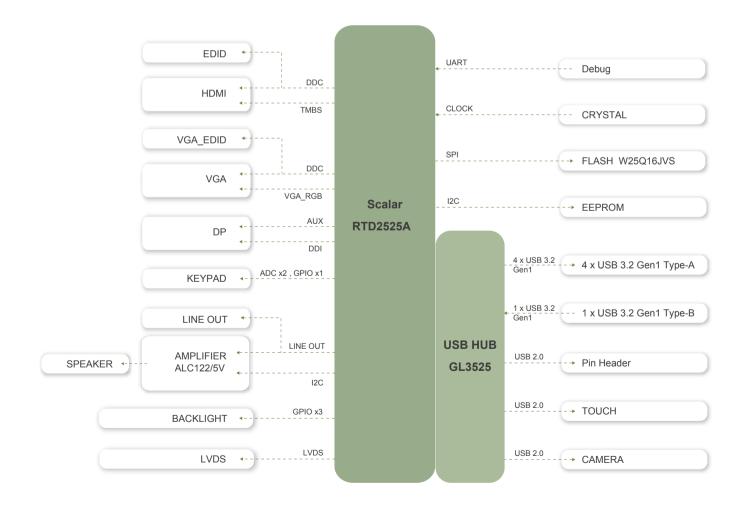

The speakers are positioned at the front to guarantee clear sound delivery, even when panel-mounted.

Fully Integrated I/O
