

WEBCASTER X2

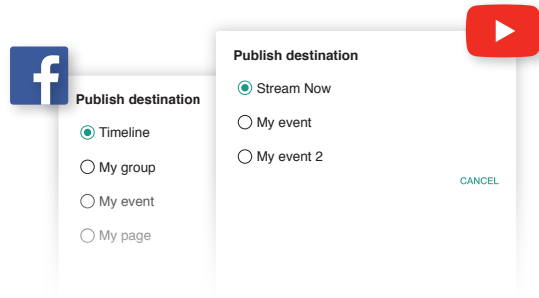

The most reliable encoder for  
**social media streaming**

## Stream live to **Facebook**, **YouTube**, and **Twitch**

Live streaming shouldn't be complicated! Epiphan Webcaster X2™ is a dedicated encoder designed from the ground-up for live streaming to YouTube, Facebook, and Twitch, making streaming a breeze. Pair your device once with your accounts and it remembers your settings for all future streams.

## Control how you stream

Stream to your Facebook Timeline or any Group, Event, or Page you administer. On YouTube, choose to stream live now, or publish to a scheduled event. Connect a mouse and monitor to Webcaster X2 for additional configuration options.

## Pro audio and video support

Stream any HD camera, mixer or display by connecting it to the Webcaster X2's HDMI IN port. Connect any wired or wireless mic to your camera and get professional HDMI audio quality.

## Live monitoring and interactivity

Monitor your Facebook and YouTube live videos and see viewer comments and reactions in real time. Simply connect a display to the Webcaster X2's HDMI OUT port.

# Create **higher quality** live video for social media

## **Ethernet or Wi-Fi**

Stream using Ethernet or Wi-Fi

## **Pro video & audio**

Connect your camera or mixer over HDMI

## **LCD display**

Shows your device pairing code or live streaming status

## **Multi-function button**

Choose the streaming platform or start and stop streaming with the press of your finger

## **Live monitoring**

Monitor your live video to see real-time comments and reactions

## **Status LED**

Green status light blinks when you are streaming live
